ISSUED EVERY TUESDAY.

EXTRA TO WEEKLY EDITION.

## CRASH OF TRAINS.

Weeks on Several Different Railroads.

Collision on the Panhandle Near Xenia, Ohio.

A Freight and Passenger Train Come Together with Disastrous Results—An Engineer Instantly Killed and His Fireman Fatally Injured—A Number of Others Badly Bruised—A Train Goes Through a Bridge in Manitoba—Other Railroad Accidents.

PITTSBURG, Oct. 10.—At 10 o'clock Friday night a freight and a passenger train, both running at a fair rate of speed, came together on a curve about two miles west of Xenia, O., on the Miami division of the Panhandle railroad. Engineer Joseph Nichols was caught between the boiler head and tender of his engine and instantly killed. Fireman Van Horn jumped from the passenger engine, but it is thought was fatally injured.

The crew on the freight train escaped by jumping. A number of the passengers were badly bruised, but none of them seriously injured. The accident, as far as can be learned, was not due to carelessness. It seems that while the freight train was shifting in the yards it started, and owing to a steep grade the freight engineer could not stop his train as the brakemen were left on the cars remaining in the yard.

### Another Account.

XENIA, O., Oct. 10.—On the Dayton and Michigan branch of the Panhandle a freight and a passenger collided.

Joe Nichols, of Xenia, the engineer of the passenger, was instantly killed, and George Conner, also of Xenia, was seriously injured.

The freight was westbound and had broken in two. The engine went back to get the rear cut, when the passenger dashed up and the collision occurred.

A flagman had been sent back, but was on the passenger engine when the shock came. He jumped, as did Foreman Van Horn.

Engineer John Doogan and Fireman Smith, of the freight, saw the danger in time to leap and save themselves.

### Train Goes Through a Bridge.

WINNIPEG, Man., Oct. 10.—A special train of twenty-five empty box cars, went through a bridge which had been destroyed by fire, into a ravine on the Glenboro branch of the Canadian Pacific railway Friday night. The engineer and fireman were seriously injured and a brakeman cut about the head. The engine was badly smashed and ten cars were demolished.

### Freight Wreck.

PROVIDENCE, Oct. 10.—A freight train on the New England road was wrecked Friday night just east of Oneco, Conn. Many cars were piled along the side of the track and traffic was blocked for several hours. The loss will amount to thousands of dollars. No one was injured.

### MILLIONS OF GRASSHOPPERS.

Great Devastation Being Done in Missouri and Kansas.

ST. JOSEPH, Mo., Oct. 10.—Millions of grasshoppers have made their appearance in this and adjoining counties and the wheat crop threatens to be a total failure in consequence. The young blades of wheat are eaten off so close to the ground that it dies at the root, and in many cases the fields have been plowed under.

The continuous warm, dry weather has hatched out young hoppers until the fields are brown with them, and unless a cold rain or frost kills them off, thousands of dollars' worth of damage will be done. Four counties in Missouri report to the state secretary of the board of agriculture that the insects are so numerous that they are causing alarm to the farmers. In many parts of Kansas they are said to be threatening to destroy many acres of wheat.

### EFFECTS OF DRINK.

A Prominent Cotton Buyer Cuts His Throat While Temporarily Insane.

RALEIGH, Oct. 10.—David B. Avera, for years a prominent cotton buyer here, committed suicide at 7:30 o'clock Saturday morning in his room at the Yarrowburgh hotel. He was drinking Friday night, and at 2 o'clock Saturday morning applied at the station house for police protection, being then insane.

A physician was summoned and had him taken to the hotel. The physician was at the door of the room when Avera suddenly drew a pocketknife and stabbed himself in the right side of the neck. Death resulted in two minutes. His age was forty-five years and he was wealthy. He retired from business several years ago and lived at Smithfield. He married a daughter of the late Governor Fowler.

### Fight on a Sluimy Boat.

POMEROY, O., Oct. 10.—Friday night George Kimes and Alex. Martin, who have been floating a shanty boat down the Ohio, had a fight in the stern of their craft near Longbottom, and Martin was knocked into the river and drowned. A woman aboard the boat, who claims to be Martin's wife, says that Kimes had repeatedly made indecent proposals to her and that the fatal conflict between the men was caused by Kimes having insulted her while her husband was away from the boat in the afternoon. Kimes has fled to West Virginia. Martin's body has not been recovered.

### Mrs. Harrison's Condition.

WASHINGTON, Oct. 10.—The condition of Mrs. Harrison is easier.

### AT HOMESTEAD.

The Perpetrators of the Dynamite Outrage Have Not Yet Been Discovered.

HOMESTEAD, Pa., Oct. 10.—Although the detectives and the entire force of deputy sheriffs have diligently searched for the perpetrators of the attempt to blow up the Mansion House Friday, they have been unable to discover a tangible clue to work on. From present indications the running down of the miscreant will be difficult.

The members of the advisory committee say they are intensely anxious to have the culprit or culprits run down, as they feel that when the matter, if ever, is fully cleared up, one of the most malicious plots to injure their cause will be unearthed. The committee has voted \$100 reward for the apprehension of the guilty parties.

Saturday was pay day at the mill, and every department was reported by the officials as running smoothly. About \$75,000 was paid out to the non-union men.

The arrest of the supposed Richard Onst at Altoona, proves to be another case of the wrong man arrested. The man in custody is a brother of the individual wanted, and an additional information against the Carnegie company, charging false arrest will be made.

The usual Saturday afternoon meeting of the locked-out men was held in the rink in the afternoon.

The Carnegie Steel company, limited, has offered a reward of \$1,000 for the arrest and conviction of the men who threw the dynamite bomb into the Mansion House.

### MONGOLIAN MONEY.

In New York and Elsewhere Will the Geary Laws Be Fought.

NEW YORK, Oct. 10.—Collector of Internal Revenue Kirwin said "We are all ready to have the Chinamen come to this office and be registered. I have learned that the Chinamen in this city are raising money which they intend to use in an attempt to test the legality of the act. I ask what object do they expect to gain by raising money? It must be their intention either to corrupt the members of congress to obtain the desirable legislation or the money is to go into the pockets of the Six Companies in San Francisco. That, it is, is the primary object."

"The Chinamen are opposed to being treated in any but a legal manner by the laws of this country," said Lee Wah, who is here from California. "I mean that the Geary law is unconstitutional and that it is in direct opposition to the treaty now existing between China and the United States. I know that the Chinamen will not apply for certificates of residence. I know I shall not. I was born in this country. My native home is in Lower California. I have come to New York to learn how my countrymen regard this act. They will not register. We will fight the law."

### WHY PAPER IS HIGHER.

Foreign Rags Cut Off and Bleaching Powder Put to Other Uses.

CHICAGO, Oct. 10.—According to a local manufacturer the stock of paper is running short and prices have advanced 10 per cent., and the end is not yet. This is not due to any "corner," but the stoppage of the supply of rags from abroad. When the rags supply was cut off the mills were found with light stocks on hand.

The lack of rags and the increased demand caused by the campaign were two causes in bringing about the present advance. Another is found in the fact that bleaching powder have risen greatly. These are made in England and were discovered to be a powerful disinfectant and tons have been sent to Hamburg and the cholera infected points of Europe. Local dealers say the mills are working double time and can not fill the present orders.

### New York Celebrating.

NEW YORK, Oct. 10.—After many months of preparation the great New York celebration of the four hundredth anniversary of the discovery of America by Columbus, was ushered in Saturday by special services in the various synagogues of this city. The city, in many quarters, displays profuse decorations hardly a house in the city is without some semblance of decoration in honor of the great event.

### Senator Mills Recovering.

ST. LOUIS, Oct. 10.—Senator Roger Q. Mills arrived here from Texas Saturday. His health is improving rapidly. He refuses to discuss politics.

### NEWS IN A NUTSHELL.

Items of Interest Gathered from All Parts of the World.

Spencer Crisp will start on his western tour next week.

Farmer Frank Goings was kicked to death by a stallion near Galesburg, Ill.

W. M. Fairly was smothered to death in a grain elevator at Langdon, N. D., Thursday.

The Bolivian congress after two sessions at Orara has adjourned, and the seat of government has been removed to La Paz.

The Argentine boats have left the disputed waters to wait the settlement of the question of jurisdiction between Argentina and Uruguay.

Mrs. Rachel Trubee, aged twenty, was burned to death at Zimmerman, O., by her clothes catching fire while lifting a lid from the stove.

Lady Frederick Cavendish at the church congress at London said the English women were becoming inveterate tipplers and it was time to call a halt.

Mrs. Jennie Williams, of Columbus, O., sister of Colonel W. P. Canady, does not believe that he suicided at Washington, and no expense will be spared to run down the mystery of his death.

Rev. Dr. Forbes created a sensation at the Northwestern Methodist conference at Minneapolis, by charging a brother clergyman with leading his wife astray. He was given an appointment, having been relieved a year ago on the grounds of insanity.

## BAND OF ROBBERS.

No Sooner is One Wiped Out Than Another Appears.

The Latest One Heard From in Illinois.

A Land Office Business Done on Trains in the Vicinity of Monmouth—Further Accounts of the Daring Robbery and Tragedy at Coffeyville, Kansas.

MONMOUTH, Ill., Oct. 10.—A gang of five robbers did a land office business in this county. The scene of operations was on board the trains on both lines of the Burlington.

A man named Anderson, of Roseville, was relieved of \$100, and a Galesburg man lost \$25. Several minor losses are reported in this city.

Friday evening the thieves were located on a westbound passenger train. Officers attempted to capture them, but in Jesse James style, the bandits leaped from the train, flourishing their guns in the faces of the officers and made good their escape.

Ogee Not With Them.

WICHITA, Kan., Oct. 10.—Ollie Ogee, who, it was supposed, was the only member of the Dalton bandit gang to escape, has been here for nine months past. He works in the packing houses, and the foreman of Doid's plant says he has not missed a day's work in the last three weeks, so it is impossible for him to have been with the Coffeyville robbers.

The Reward Earned.

SAN FRANCISCO, Oct. 10.—Wells, Fargo & Company have telegraphed the officials at Coffeyville, Kan., to the effect that as soon as the identity of the dead Daltons was established the rewards, made jointly by the Southern Pacific and the express company, amounting to \$8,000, would be forwarded.

Fired by Tramps.

GRAFTON, N. D., Oct. 10.—Grafton was visited Friday night by a \$40,000 fire, set by some tramps. The buildings burned like tinder, and not an article in Sandeiger's store was saved. He carried a \$80,000 stock. Other buildings narrowly escaped. Insurance, \$35,000.

SHOOTING AFFRAY.

One Man Fatally and Another Seriously Wounded.

NEW YORK, Oct. 10.—A shooting affray occurred Saturday morning on Bedloe's Island, which resulted in the probably fatal wounding of Sergeant Vann, and the wounding in the arm of Private Patrick King, who was walking behind Vann when the shooting was done. Private Viller was the one that done the shooting. He had been jealous for some time of the attentions paid by Vann to a German girl who was employed by a saloon keeper on the island.

Vann had just returned from the city and was approaching the quarters of the company to which he belonged when Miller, who was sitting on the veranda, suddenly sprung to his feet, and without a word raised his carbine to his shoulder and fired. The bullet went through Vann's chest and then through the left arm of Private King. Both the wounded men are in the hospital. It is thought that Vann will die. Miller has been placed in the guard house. Company A was transferred from Fort Lewis, Colo., to Bedloe's Island a couple of years ago.

FAST OCEAN TRAVEL.

A Three-Day Transatlantic Steamer Line Soon to Be Established.

OTTAWA, Oct. 10.—President Van Horne, of the Canadian Pacific railroad, has returned from England, after arranging for a fast transatlantic steamship service.

"It will," said Mr. Van Horne, "be a purely passenger line, as the rate of speed at which the steamers will run will preclude the carriage of a pound of freight. The steamers will run in connection with the Canadian Pacific railway across the continent."

"They will cross from land to land in one hour less than three days and land passengers at Quebec in five. We will therefore be able to take a great deal of American travel away from New York, in fact, we must do so."

"They will see the advantage of using our fast line of steamers and through line of railway when we show them that we can land a Chicago ocean voyager at his own door in the same time it would take other lines to land him in New York."

ANOTHER SPECIES OF CRANK.

This One Has a Penchant for Stoning Trains.

FORT WAYNE, Ind., Oct. 10.—Another species of crank has developed in this vicinity during the past few days. He was walking east along the Wabash railroad, and Friday morning at Leiter's station, on the Detroit division of the Wabash road, this crank hurled a large stone through a passenger coach of a moving train.

A few hours later he reached Roanoke Station, a few miles west of here, on the same line of the Wabash system. At this town he repeated the fiendish act. The stone, weighing three pounds, crashed through the window of the chair car of train No. 46, and Mrs. A. M. Browne, of Defiance, fainting when the broken glass fell into her lap. Early Saturday morning the trainmen thought they recognized the man walking along the track near Antwerp, O. He is a supposed lunatic. An attempt will be made to place him under arrest.

Woman Found Dead in Her Room.

NEW YORK, Oct. 10.—Hattie Ward, twenty-five years old, of 265 West Nineteenth street, was found dead in her room Saturday morning with the gas turned full on but unlighted.

### COMPETITIVE RIFLE PRACTICE.

An Ohio Man the Best Shot in the Whole United States Army.

CHICAGO, Oct. 10.—Private V. H. Sweinhart had not been considered seriously as a possible winner of first honors in the competitive rifle shoot at Fort Sheridan, but yesterday afternoon in the final struggle on the range he proved himself the best shot with a rifle in the whole United States army, and he will soon be the possessor of the army eagle gold medal prize and championship. Sweinhart has an excellent army record and is to take examinations for an official's commission. He represents the department of Dakota team.

Private Sweinhart was born in Chillicothe, O., just twenty-five years ago. He is at present stationed at Fort Snelling where he is instructor in the post school. The ten highest competitors in the contest just ended will constitute the army infantry team until the contest next year. The first four competitors are awarded gold medals by the government and the next six awarded medals of silver.

The team is as follows:

First—Private V. H. Sweinhart, company H, Third infantry, department of Dakota.

Second—Sergeant T. O'Rourke, company G, Fifteenth infantry, department of Missouri.

Third—Corporal R. N. Davidson, company G, Fifteenth infantry, department of the Platte.

Fourth—Sergeant N. A. Way, company E, Twenty-second infantry, department of Dakota.

Fifth—Sergeant W. Wilkes, company F, Twenty-fourth infantry, department of Arizona.

Sixth—Sergeant John Burns, company G, Eighteenth infantry, department of Texas. Sergeant Burns is the only colored man on the team.

Seventh—Corporal W. Wright, company A, Thirteenth infantry, department of Missouri.

Eighth—Sergeant P. B. Spencer, company F, department of the Platte.

Ninth—First Sergeant J. Boyhan, company A, Fifteenth infantry, department of the Missouri.

Tenth—Second Lieutenant William M. Marlow, Twenty-first infantry, department of the east.

The department of the Missouri has four, the greatest number of representatives.

ACCIDENT AT A FUNERAL.

A Stage Coach Tumbles Down a Hill Injuring Several People.

CREEDE, Colo., Oct. 10.—During the progress of the funeral procession with the body of a child of Mr. and Mrs. H. Hill, of Bachelor, to Jimtown, the forward coach, containing the corpse, four women, the driver and another man, was precipitated down the hill, a distance of 150 feet, the coach overturning five times.

All the occupants were injured. Tom Quivelen, the driver, had his collarbone broken. Frank Anderson, sitting with the driver, had a hand badly cut in the palm. Mrs. Likens, seventy years old, sprained a knee and wrist, and will probably die. Mrs. Colvin was bruised about the upper portion of her body. Miss Whitehead sustained a severe nervous shock. Mrs. George Martin, sitting in the rear, had a wound and was otherwise bruised. The coffin broke open, but the body did not fall out.

Storm at Sea.

NEW YORK, Oct. 10.—On Oct. 4, the steamer Furst Bismarck, in latitude 48:47; longitude 38:45, experienced a severe storm accompanied by a tremendous sea, during which eight men were injured. They were engineers' assistants and were on the lee side of the vessel when struck by the sea which rolled on board, washing them about the deck gangway. Three of the injured men had their legs broken. During the whole voyage the Furst Bismarck experienced storm weather with northeast gales.

Gone to Alaska.

OMAHA, Oct. 10.—Professor W. P. Rogers, who had charge of the commercial department of the Wesleyan university at Lincoln, Neb., left Thursday for Kansas City, saying he was going there to attend a wedding. Friday night a note was received from him saying he had gone to Alaska. Rogers left debts to the amount of upwards of \$1,000, besides being short in his accounts with the university to the extent of \$800. He was also engaged to be married to two of the young lady students under his care.

Three People Badly Burned.

NEW YORK, Oct. 10.—A kerosene lamp was upset in the room of Maurice Farm, at 100 Seventh street, at an early hour Saturday morning. The house caught fire, and before a family living in the next apartment could escape three of them were so badly burned that they were taken to the Gouverneur hospital. They were Zach Levine, twenty-six years old, Sarah Levine, five years old, and Esther Levine, eighteen months old. The damage will not exceed \$700.

Peculiar Fatality.

LANSING, Mich., Oct. 10.—One year ago John Hopp was struck by a Michigan Central express train and instantly killed, portions of his body being strewn along the track for several rods. Friday his wife, while walking along the track that road with flowers to place upon the grave of her husband, was struck by a passenger train and instantly killed. She lost her own life in rescuing her pet dog.

Cutting Rates to the World's Fair.

CHICAGO, Oct. 10.—The first break in rates to the world's fair dedicatory exercises is announced by the Pennsylvania and Baltimore and Ohio Railroad companies. These roads are to make one fare for the round trip from Columbus, Ohio.

Movements of the Charleston.

WASHINGTON, Oct. 10.—A cablegram has been received at the navy department stating that the Charleston had left San Diego for Redondo.

## DRY BONES DUG UP.

Startling Discovery Made in One Section of London.

Three Skeletons Unearthed in Digging a Cellar.

Evidence of Another Fatal Crime Having Been Committed in White Chapel Near the Place Where "Jack the Ripper" Did His Deadly Work—Other Foreign News.

LONDON, Oct. 10.—A startling discovery has been made in a section of this city noted for the many heinous crimes which have been committed within its precincts. The scene of the affair is on Dean street in the Whitechapel district, where a number of men have been employed for the last few days in the work of excavating for a new building site.

This spot had once been occupied by a notorious criminal resort, which was well known to the police by reason of the many offenses against the law which had been brought to their notice during the time the place had flourished. The resort gained greater evil prominence by being the scene of one of the horrible butcheries of fallen women, attributed to the diabolical and mysterious crimes of "Jack the Ripper." This was with all the horror that marked the work of this assassin.

The workmen were busy when, turning over a lot of debris, a sight was revealed which at once excited curiosity. It was a box which was found to contain the dry bones of three adults, and everything pointed to a crime committed at a remote period. The discovery created a good deal of excitement, and many persons visited the place to view the skeletons. Much speculation was indulged in, but no facts in connection with the case were brought to light. The police were notified and an investigation has been instituted by the authorities to ascertain, if possible, how the remains came to be placed in the spot where they were found.

### CHILI AND PERU.

A New Agreement Entered Into by Both Governments.

LONDON, Oct. 10.—A dispatch from Santiago to The Times says that the new agreement between Chili and Peru settles the differences between Chili and the Peruvian corporation. According to the conditions the guano beds, ceded to Peru by Chili in 1890, will be given to the corporation.

The corporation will also get 2000,000 at 4 1/2 per cent. Chilian bonds in payment of the 80 per cent. given by the protocol of 1890 and an account of the money in the Bank of England the protocol provides for arbitration. The new agreement will be laid before the Chilian congress shortly.

### Cholera Increasing.

BUDA PESTH, Oct. 10.—The cholera is increasing daily in this city. During the past ten days there have been 259 new cases and 104 deaths. The trade of the city is seriously affected by the existence of the epidemic. Country merchants refuse to buy goods in Buda Pesth, fearing infection. The usual visits of the provincial traders to the city are omitted, and business is stagnant. Railway traffic is almost suspended.

The police in their anxiety to stamp out the disease are enforcing severe measures. The fumigation of dwellings is resented by the ignorant populace, and numerous conflicts have occurred. Last evening the occupants of a large tenement house drove back the disinfecting signal of police by pouring boiling water upon them from the windows. Several of the officers were so badly scalded that they had to be removed to a hospital.

### Minister Lincoln Sails for Home.

LONDON, Oct. 10.—Robert Lincoln, the United States minister, sailed on the Etruria Saturday for New York. When asked about his trip Mr. Lincoln said: "I am simply taking advantage of the usual annual leave and am going to spend it at home because I have not seen there in nearly two years. I wish to see something of the presidential campaign and also to attend the dedicatory ceremonies in Chicago."

### Morphine Kills a Horse.

BERLIN, Oct. 10.—Count Starheimberg's horse Athos, winner of the long-distance race, died last night in its stall. Its left hind leg was terribly swollen. To relieve the horse's agony morphine was injected. Soon after the injection the horse died.

### Sculptor Dead.

LONDON, Oct. 10.—Thomas Woolner, the sculptor, is dead, aged sixty-six. He was dangerously ill some ten days ago, but was thought to be recovering. Saturday he was seized suddenly with spasms which ended quickly in death.

### Ready to Celebrate.

HUELVA, Spain, Oct. 10.—The United States steamship Bennington, with the Columbus caravels Nina and Pinta in tow, has arrived here to take part in the Columbian celebration.

### They Will Not Meet.

VIENNA, Oct. 10.—The rumor that a meeting was being planned between the czar and the emperor to take place at Skierniewice, is denied.

### Discovery of Silver.

ST. PETERSBURG, Oct. 10.—A remarkably rich lode of silver has been discovered at Oravat, in Finland.

### Test Oath Law Knocked Out.

HAYTI, Ida., Oct. 10.—Judge Stockslager, of the Fourth district court, has declared the Idaho test oath law unconstitutional. The case was brought by a Mormon whom a registrar in Cassidy county refused to register, because he declined to subscribe to the test oath.

### FEMALE BURGLAR.

Washington Police Officials Looking for a Bold Colored Woman.

WASHINGTON, Oct. 10.—Washington is reveling in the enjoyment of the latest criminal sensation—a female burglar. She has broken into several houses in this city recently. Her latest job was done at the residence of A. A. Connolly, 1935 Ninth street, northwest.

Mr. Connolly's mother-in-law was awakened suddenly by hearing a slight commotion in her bed room. By the moonlight, which streamed in through the windows, she saw a short and very black negress in the room. The latter had piled up a quantity of goods and was preparing to take them away when the lady was awakened.

The bold burglar, seeing she was discovered, made a hasty exit, taking with her a pocketbook containing \$1.50 in money and leaving the other articles piled up on the floor. An alarm was given, but the thief had made good her escape. Her description, as furnished police headquarters, is that she is very black, short in stature and rather stout, about thirty years of age, and wears a light coat and sailor hat.

One of the old detectives said that this was the second regular female burglar on record in Washington. The first was Sarah Nichols, also colored, who used to dress in men's clothes and assist "Wash" Meredith, John Curtis and George Briscoe in their house-breaking jobs several years ago. Her picture is now in the rogues' gallery here.

The men she operated with were noted burglars. Meredith was killed in Baltimore, Briscoe is doing time in the penitentiary for house-breaking, and Curtis is operating, it is believed, somewhere in the east.

### ADVANCING ON CARACAS.

Further Details of the Recent Battle in Venezuela.

NEW YORK, Oct. 10.—The Herald's Caracas correspondent sends details of the recent battle between the revolutionists and government forces. The place where the battle occurred was at San Pedro and the government troops were utterly repulsed. It was a hot and bloody battle, but of short duration. Many were killed in combat, the large majority of losses being on the government side, and the slaughter which characterized the pursuit of the unlucky soldiers of the administration was terrible.

Besides the capture of an immense amount of ammunition and arms the revolutionists made hundreds of prisoners. Among the latter were prominent leaders. The most important capture was that of the government commander-in-chief. Nothing like a complete list of the casualties can be had. Without waiting to rest his tired and enthusiastic men General Crespo is reported to have given the order to advance at once upon the capital. It is quite probable that he is now in Caracas.

### FELL FOUR STORIES.

An Elevator Cable Breaks with Disastrous Results.

CLEVELAND, Oct. 10.—The elevator cable in the Dean building broke Friday afternoon, and the cage, containing six ladies and the elevator boy, was broken into fragments in the basement four stories below. One lady has a broken arm and four others are severely injured. The boy is injured internally. One lady escaped uninjured and walked away. Those injured are:

Miss Breckenridge, internal injuries; not serious.

Mrs. Emma Peppers, bruised and injured about right leg and arm.

Miss Warner, slightly bruised about the head and ankle sprained.

Mrs. Will Herman, injured about the head and left arm broken.

Mrs. Carrie Vorwerk, injured about the head and leg.

Willie Kelly, the elevator boy, is seriously injured internally and bruised about the body and limbs.

### MORMON CONFERENCE.

President Woodruff's Manifesto Does Not Satisfy Polygamists.

SALT LAKE CITY, Oct. 10.—At the Mormon conference Apostle J. W. Taylor said the manifesto of President Woodruff advising that no more polygamy be entered into for the present does not prevent a man from supporting more than one woman if he wants to. Apostle Grant was severe on apostates and those who criticize the church authorities.

Apostle Thatcher warned the congregation that the wranglers are not to be righted by the people, but by the constituted rights of the church. President George O. Cannon exhorted in the freedom and prosperity of the saints and in the change of public sentiment that has been wrought in their favor—a change little short of miraculous.

### POSTOFFICE ACCOUNTS.

Annual Report of the Sixth Auditor of the Treasury Department.

WASHINGTON, Oct. 10.—The annual report of Sixth Auditor Coulter, of the treasury department
